

## Approval of heat treatment facilities and ISPM 15-marking at Gyllsjö Träindustri AB

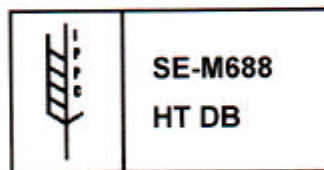

The Swedish Board of Agriculture approves Gyllsjö Träindustri AB (org. nr. 556083-9671) for heat treatment of dried sawn wood, for heat treatment of wood packaging and authorizes the company to mark their products according to ISPM 15.

Marking of  
kiln dried and  
heat treated  
sawn wood

SE-M688

Marking of wood  
packaging and sawn  
wood intended for  
wood packaging

The company's official registration number at the Board of Agriculture is SE-K7491.

The conditions for approval are given in the Swedish Regulation (SJVFS 2004:53) on heat treatment, drying and marking of sawn wood products, wood packaging materials etc, and in the instructions given in the inspection protocol of SP/Träteck.

This approval means that the company's production of sawn wood and wood packaging material fulfils the requirements of treatment and marking laid down in the FAO standard ISPM 15.

The approval has no time limit, but may be withdrawn if an inspection by the Board of Agriculture finds that the company no longer fulfils the requirements. If the approval is withdrawn, the above marking may no longer be used.

Swedish Regulation (SJVFS 2004:53) and more information about the Swedish wood packaging programme can be found at [www.sjv.se/pps](http://www.sjv.se/pps).
